FINE HANDMADE GUITARS

SPEC SHEET

Razerbird 4 Serial no.070802

Neck: Slabsawn hard maple scarf jointed at the headstock and glued into the body. There are 8 carbon fibre rods and an adjustable trussrod built into the neck. The headstock is faced with flamed maple.

Fingerboard: Indian rosewood with side position markers only. Scale length is 863mm (34"). Micarta nut.

Machines: Schaller M4 chrome.

Frets: 20 Dunlop 6100, hard, wide and high.

Top: Bookmatched flamed maple, slab edged body with contours to perimeter to expose underlying veneer.

Back: Mahogany with contour for body comfort

Bridge: Fender style with through body stringing, chrome.

Pickups: Neck - guitar P90, middle - Seymour Duncan SCPB-3, neck - Di Marzio Model 1.

Switching: Master volume, master passive tone, 3 way selector switch for neck and bridge pickups, blend control to bring in the middle pickup.

Circuitry: all passive.

Circuitry Operation: Rotating the blend control forwards brings in the middle pickup, rotating backwards brings in the neck and bridge, at the centre position the middle pickup is combined with whatever pickup combination the the three way switch has selected.

Finish: More than 20 coats of gloss AC lacquer with an orange/brown sunburst.

Strings: Hand made Newtone Diamond Bass set (0.046-0.105)

Controls: SEE OVER

Blend

Master tone

Master volume

Three way slider

3 Way Slider: Forward for neck , rearward for bridge, centre for both

Master Volume: Controls all pickups.

Master Tone: Controls all pickups.

Blend: Fully forward is middle pickup alone, fully back is three way slider selection, variable in between with all pickups on equally in the centre.

Comments: Dunlop straploks are fitted for security. Pickups and all circuitry fully shielded against external interference.
